

## FROM POINTS AROUND.

[REPORTED SPECIALLY FOR THE STAR.]

**NICHOLASVILLE, KY.,—Mr. J. G. Sims,** an old and esteemed citizen, died at his residence on Monday morning.**MASON, O.—**For the past year or more the CINCINNATI DAILY STAR has circulated largely in this place, and during this time no regular correspondence has appeared in its columns. Believing it of vital importance to our village that it should be heard from, we shall endeavor to furnish your readers with our local news as they come under our notice.

From what we are able to learn the stock in the Miami Valley Narrow-gauge railroad is all taken at this point. There seems to be a daily growing interest in this new enterprise, and the indications are that the road will be built.

**Mr. Mansfield Hall and Miss Katie Brooks** were joined in marriage at the Hoffman House on the 28th inst. Esquire D. W. Van Dyke officiating. Our best wishes are attending the young couple.

A number of our young men are engaged in the organization of a cornet band. They report success, and they will no doubt succeed. They are under the leadership of David Bishop, an accomplished musician.

**HAMILTON, O.—**Andrew Wirtz, a son of Mr. Wirtz, in the employ of Messrs. L. Sulder & Son, was instantly killed last evening while riding on the rear end of a freight caboose, which backed down with considerable force against the Peoria parlor car, standing on the side track awaiting the arrival of the eight-o'clock train north to take it out. The passengers in the coach were shaken up badly, but none of them hurt. The platform on which Wirtz was standing was smashed up and he was struck and wedged in. His skull was broken, and he was otherwise horribly mangled. His death was immediate. Two boys, John Schuler and Henry Dirmer, who were on the other platform of the caboose, were also badly mangled, their limbs broken, and they are not expected to survive their injuries.

Yesterday the new street-cars were put on the track and the citizens given a free ride—who were willing to accept of the same.

The Board of Health has been empowered by Council to contract with responsible parties for the removal of dead animals from the city.

The Street Railway, by ordinance, granted the right to run their road up Franklin street, first ward, but in doing so they are also required to finish that part of the road granted in the charter which extends out to the Cemetery.

John Robinson, the son of a farmer living west of Hamilton, while out hunting yesterday, accidentally shot himself. He, with one of his sons, was on a fishing and hunting excursion on the Four-mile creek, and Robinson, while walking through some high weeds struck the lock of his shotgun on a twig. The hammer flew back and discharged the lead of the gun in his right side. Dr. Kirkpatrick was sent for, but the boy, who in the meantime had been removed to a house, died before the doctor arrived.

Joseph Moses, D. P. Sheriff of Hamilton county, was in the city yesterday to look in on the Kiefer trial.

The interest in the Kiefer trial still continues, and the crowd in the Court room during the proceedings never grows less.

**LEXINGTON, KY.—**The funeral of Mrs. David S. Goodfellow, who died last Saturday evening, took place yesterday afternoon from her husband's residence, East Main street.**Mr. S. H. Nichols** left yesterday for a trip to the Hot Springs of Arkansas.

In our enumeration of rings in this city, the school-board ring was omitted. Such a combination does exist, but their members move with cat-like caution.

The Sheriff of the county passed through the city on Monday with four prisoners for the Penitentiary, three of whom were colored men sentenced for robbery. The white man was convicted of murder and sentenced for only two years.

We find it exceedingly difficult to get items of news from officials. A few of them who ventured to give the STAR information about city affairs have been reprimanded for so doing. One of these friendly officials said lately to a STAR reporter: "Don't tell anybody that I am talking to you, or they will come here and give me the devil."

In several streets the broken stone is laid on so lavishly as to make the street look like the sidewalk. In other places holes are in the streets deep enough to bury a dog. But nobody will complain, as Messrs. Murphy and McLaughlin have a monopoly of this expensive work, backed up as they are by General Councilman Huston and other powerful magnates, whose official conduct none but the STAR will dare to criticize.

Regent Bowman claims that his University is entirely unsectarian. The Regent may think so, but a goodly portion of our citizens will not agree with him as long as Prof. Evans continues to use his position for sectional and sectarian purposes. His neighbors charge him with being on the side of sectional and sectarian bigotry.

**Mr. and Mrs. Chas. F. Cannon** have returned from an extended trip to the interior of Ohio, much improved in health.

One half of Lexington is for rent and the other half is for sale. The Chinese-like policy of its stylish citizens discourages industrial people of enterprise from coming and building up its corner lots.

The State of Kentucky is the battlefield of the publishing houses of Wilson, Hinkle &amp; Co., of Cincinnati, and of John P. Morton &amp; Co., of Louisville, as to who shall possess the public schools, so as to find sale for their text books. The former house is the most powerful, while the latter has many friends, some of whom reside in this city, who will not concede that firm a monopoly. The system of changing school books unnecessarily is simply genteel robbery.

The unfortunate trouble in the Christian Church in this city is telling on the prosperity of the Kentucky university, which the citizens of Lexington aided by a donation of \$100,000. If this vestige of our former greatness is allowed to languish on account of the church troubles it is time that it be put in charge of unsectarian trustees.

A meeting of the members of the Broadway Christian Church will be held next Sunday afternoon for the purpose of making the yearly call for a pastor. It is probable that Elder, Brother McGarvey will be induced to continue his pastoral charge for another year. His equal can not be found in a day's walk.

The Daily Press makes the sad announcement that "very few strangers are in the city attending the races." It should be known that Lexington is not in inviting place for strangers. Hence the appellation of "Chinese town."

The idea of a boy sixteen years of age, endowed with health and strength, and

Jorjous hopes before him, committing suicide, as it is said Johnnie Cook did, is the strangest event that ever occurred in our village.

**Lexington has long been called a "finished town."** Her leading citizens are not finished, so far as the term applies to their mental and moral cultivation. The establishment of a Young Men's Christian Association might become an improvement to them.**Miss Julia McGraw**, of Greenville, Mississippi, is spending the season with her aunt, Mrs. Anna Robertson.

The Court of Appeals, yesterday, reversed the proceedings in the murder case of Robert Holloway. The defendant will have another trial.

The local papers overlooked the arrival of the Louisville races, of Mr. Thomas Nixon. These rural footers are continually noticing the arrival and departure of every Tom, Dick and Harry, but omitted the arrival of this Tom.

The dull season is felt even in the City Court. Judge Mulligan, yesterday, had only one disorderly case, and some days he has not even that many. The tribunal might be abolished.

In the races yesterday the first mile heats for two-year olds was won by Neale &amp; Trainer's b. c. o. l. d. fellow in two straight heats, beating easily a field of six. Time, 2:44 1/2, 2:45 1/2.

The second race was a three-in-five race, with nine starters. The race was won by R. D. Boyan's b. r. c. o. l. d. fellow, by Blackwood, in three straight heats. Time, 2:33 1/2, 2:34 1/2, 2:35 1/2.

The third race was a three-in-five for the 2:30 class, purse of \$500, \$400 to first, \$150 to second, and \$100 to third horse. J. H. Williams' b. r. c. o. l. d. fellow was the winner, totting four heats, B. J. Tracer, b. l. d. fellow, taking the others. Time—2:27 1/2, 2:28 1/2, 2:29 1/2, 2:30 1/2.

**COVINGTON.—**The Committee appointed by Council to investigate the cause of the failure of water at the recent fire, visited the Water-works yesterday. The engineer of the Works fixed up the boilers to ninety-five pounds pressure. The plugs at the corner of Madison and Ninth streets were then opened and five streams thrived, each putting out a height of about fifty feet. Those who admire the fiery system will take notice.

The following are the revenue collections in the Sixth (Covington) District of Kentucky for the week ending September 23, 1870:

**Mr. Hugh Campbell**, the new proprietor of the Stars, arrived in the city last night, and will play in the game between the Stars and Philadelphia.**Mr. Joe Graham**, the diver from Cincinnati, yesterday examined the condition of the influent pipe. He discovered that the connection between the pipes had been severed, which accounts for the sucking up of sand and gravel to the damage of the pumps.**Harnes Shumaker**, an employee at the brick yard on Madison street, beyond the base-ball grounds, had a leg broken in two places yesterday by a pile of brick falling on him.**Messrs. Sencer, Simrall and Noonan** have received a gold medal as an acknowledgment of their display of fine-cut chewing tobacco at the Cincinnati Exposition.

The Stars defeated the American Boys, by a score of 7 to 6 yesterday.

**Jim Taylor and John Ragan**, two colored men of Florence, were arrested yesterday on a charge of having obtained \$11 from a man named Haskins, by a confidence game.**Hensley** held them to answer to-day under bonds of \$50.**Burglars** entered the grocery of N. L. Young, 908 Madison street yesterday, and obtained a lot of cigars and stock, amounting to about \$10.

The Covington Light Guards, last night, selected J. B. Stevens as president of the company.

**A workman** at Schroder's, 81 Pike street, while carelessly handling a pistol about to be repaired, had the index finger of one of his hands badly mutilated, by the weapon unexpectedly discharging itself. Dr. Kearns attended to the wound, and hopes to save the finger.

The fourth street crossing of Madison is being improved by way of a new culvert.

The tower on the Mother of God Church, on Sixth street, is receiving a coat of paint and other necessary repairs.

**Commissioner Boswick** returned from Louisville last night.

The sewer constructed to save the pier car of the Newport and Covington bridge is about completed.

**Pat Cummins** is happy. His dear wife also rejoices with him. It is a girl-weight ten pounds.**Mary Burns** was sent to jail for twenty days, where she will undergo a reformatory process, under the supervision of Uncle Reuben Conroy.**Enquire Duvenick** was called upon yesterday afternoon to settle a little matter at the residence of Mr. Goff, No. 25 East Fourth street. Mrs. Belle Goff, his wife, accuses her liege lord of extreme cruelty, and by the testimony the 'quire was compelled to put Mr. Goff under a bond of \$500 to keep the peace.

The 'quire was called upon as an arbitrator in the settlement of a little domestic difficulty that is well known to our readers.

**NEWPORT.—**At the meeting of the Republican Executive Committee last night, Mr. E. W. Hawkins was nominated for Mayor, Mr. I. A. Ackley for School Trustee, of the Second ward, and L. T. Hubbard for the same in the Sixth ward.**Lieut. U. F. Cunningham** returned yesterday from a business trip to St. Paul, Minnesota.

Divorces have been granted in the Chancery Court to Nicholas Farrelly from Ellen Farrelly, to Margaret Conlan from Michael Conlan, and to James Joshua (colored) from Margaret Joshua (colored).

**John Harvey**, a brakeman, who resided in this city, was run over by an eastern-bound train on the Short-line railroad at Northville, on Monday night, and died shortly after. Mr. Harvey was twenty-six years old and was well-known in this city.

For the benefit of our citizens we will state that the fare from Newport to the Exposition door, by way of the ferry and by way of the Newport street cars is, just seventeen cents, besides an hour and ten minutes' ride to the corner of Fifth and Vine streets. Persons not acquainted in Cincinnati should beware of those placards on the Newport cars, which lead people to believe that these cars of the Newport street cars are for the benefit of the Exposition. Strangers are frequently brought to Newport from the other side by means of these placards, which lead them to think that these cars carry them from Fountain Square to the Exposition.

**Pat Canfield**, arrested by Deputy Marshal Jackson, was this morning brought before Judge Buchanan on the charge of wife whipping and abusing his family. Pat has often been com-

plained of, but this time he got \$20 and cost.

**Mr. M. C. Walsh** has consented to allow his name to go before the people of the Second ward as an independent candidate for Council. Mr. Walsh is a citizen of good standing and will be sustained by all parties.**Thomas Allen** is a candidate for school trustee from the Third ward.**Rev. T. S. Cowden**, minister of the "Grace" M. E. Church, will exchange pulpits with Rev. Wm. Butler, of the Union Methodist Church, in Covington, next Sunday morning and evening. Both are excellent speakers, and their congregations will be mutually benefited by the arrangement.**The Ben Johnson Dramatic "Club"** give the second exhibition of their series of entertainments at Odd-fellows' hall next Friday evening.**No City Court to-day.** As there is but little opposition for the Mayoralty, Berry will undoubtedly continue in office.**The Cheviot Railroad.** The citizens of the Twenty-fourth ward opposed to the Cheviot railroad, met last night at Adler's Woolen Mills. Isaac Adler was elected President, and Wm. Lusby, Secretary.

A committee of five, consisting of Isaac Adler, Thomas S. Ireland, John B. Morris, P. C. Browne and William Lusby, Jr., were appointed to prepare resolutions condemning the course of the Cheviot Railroad Company. The committee reported as follows:

Resolved, That the citizens of the Twenty-fourth ward do hereby protest against said road as proposed, and we demand the immediate taking up of the track as laid, and we demand of the Cincinnati and Harrison Turnpike Company to take up the track so laid on the night time, without authority and in violation of the law, and we demand of the city authorities the protection of our rights in the premises.

Resolved further, That a committee of three be appointed to wait upon the Hon. Mayor, John B. Morris, and request that said track be removed from the public streets, and said streets be placed in as good repairs as they were formerly. The resolutions were adopted.

The Chairman appointed as the first committee, Isaac Adler, Thomas Ireland, John B. Morris, P. C. Browne and Wm. Lusby, Jr., and the second committee, to wait on His Honor the Mayor, James S. Sallie, William Lusby, Jr., and William Randall.

We understand that the resolutions mentioned below as adopted by the "Citizens" were really offered and passed by parties employed directly or indirectly in the construction of the railroad.

Resolved, That we do hereby express our gratification at the prospect of an early completion of the Cincinnati and Westwood railroad.

Resolved, That we will give the public-spirited citizens, whose enterprise will bring thousands of dollars on the tax duplicate (and benefit many and injure none), our active aid and cooperation.

Resolved, That we invite all good and progressive citizens to aid by every honorable means the completion of the said road.

The property holders in that vicinity are understood to be in favor of the road and its construction, but are opposed to being run along the side of the pike which is their only avenue to the city, and which is thus seriously injured by the proximity of the road and trains, which will follow if the road is completed.

**Court Cuttings.** G. W. McCoy submitted a petition before Judge Cox, yesterday, for a writ of error. The plaintiff was convicted, in the Police Court recently, of running the Ludlow ferry without license. Judge Cox allowed the writ, stating that the question was of sufficient importance to be heard in a higher Court.

In the habeas corpus case of Wm. Seawright, against whom an order of arrest was issued for concealing his property from his creditors, the Court held the Common Pleas had jurisdiction of the case, and that the proper course for the party to pursue was to apply to that Court for a discharge of the order of arrest.

**Jeremiah Bell** was appointed administrator of Ann Maher. Personalty \$450.**Henry Schwab**, cigar dealer, on Wheeler street, made an assignment for the benefit of his creditors to M. Pohlman, Bond \$2,000.

The following suits were entered yesterday for the Common Pleas:

47,141—Yogeler, Wagner &amp; Co. vs. Augusta Geidel.

For the Superior Court the following was entered:

32,008—J. Goss vs. executrix of Wm. B. Dodson.

**Base-Ball.** The Red Stockings and the Ludlows played a very interesting game yesterday afternoon on the Cincinnati grounds. The batting was fine and the fielding very good, but the interference with the umpires and the hooting of the crowd tended to lessen the interest of the game. The score was as follows:Innings.....1 2 3 4 5 6 7 8 9  
Ludlows.....0 0 0 0 0 0 0 0 3  
Reds.....0 1 0 1 0 1 0 2 5

Umpire—Fred Waterman and Mr. Brockway.

The Stars and America nine came together on the Covington grounds yesterday afternoon. The result was as follows:

Innings.....1 2 3 4 5 6 7 8 9  
Stars.....0 0 0 0 0 0 0 0 0  
Americus.....0 0 0 0 0 0 0 0 0

The Licking Valley Juniors, of Newport, played a picked nine on Saturday and defeated them by a score of 18 to 5.

The Commercial Bank nine defeated the nine from the First National by the score of 10 to 4.

The Police nine played a picked nine from the First Department, and were defeated by the score of 10 to 2.

The Broadway Stars played the Mt. Washingtons at Mt. Washington, and defeated them by a score of 35 to 14.

**Amusements.** GRAND OPERA-HOUSE.—The Yokes Family drew an immense audience last evening, many reserved seats being sold in the first gallery. "Fun in a Fog" was preceded by Shakespeare's "Taming of the Shrew," with the regular stock company in the cast. Mr. Fiske, as

"Grumio," came very near being good, but Mr. Roche, on the other hand, came very near making a mess of "Petruccio."

The first of Miss Forrest was good. "Fun in a Fog," however, soon placed the audience in the best of spirits. The merry laugh of Rosina Vokes, and the laughable mishaps of Fred. Vokes, as Petruchio Postlethwaite, were a constant source of amusement to every one. "Fun in a Fog" will be given at the matinee this afternoon.

**WOOD'S THEATRE.—**The "Naked Queen" is destined to run its limited two weeks to good business at this house. The audience last evening was unusually large. The scenery by Malmshe is beautiful; the one scene, "Statuesque Hall," would be enough to establish a lasting reputation for any scenic artist in the country. The dancing of Boniani and Cora Ariana was some; also, wonderful, both being aside from their dancing, as beautiful as one could well imagine. The regular stock company acquitted themselves remarkably well considering the nature of their characters. The ballet was very good. The Almonte family and the Laing Brothers were warmly welcomed.**ROBINSON'S OPERA-HOUSE.—**A good audience was assembled at this house last evening to witness Mr. McWade's interpretation of his celebrated character, "Rip Van Winkle." All will be said when we say that McWade was up to his standard, which, as every one knows, has always been placed high. The support was very good. "Rip Van Winkle" again to-night.**THE NATIONAL.—**The attendance of last night was very good. The performance, taken all and all, was better than usual, and was highly appreciated by the audience, judging from the amount of applause bestowed. Matinee this afternoon at two o'clock.**Real Estate Transfers.** Harriet Ross to Charles Ross, Jr., lot 16 by 100 feet, on the south side of Ninth street, between Central avenue and John street—\$1.
